

The Equality Objectives

**INSIGHT**

**Establishing a robust evidence base to inform commissioning**

To collect the right data to ensure that we commission effectively for the population of south Warwickshire

**INTEGRATE**

**Reducing health inequalities and**

You should expect to receive the most appropriate care no matter who you are

**INSPIRE**

**Developing our leadership, capacity, competency and culture**

Senior leadership to support and empower our staff to proactively embed equality and public engagement requirements

**INVOLVE**

**Embedding public involvement in commissioning**

To involve our local community, including groups that we do not hear from often, in shaping services
